We are glad to inform you that we have made arrangements to screen the well known Russian Picture "Stalingrad" English version. Together with this picture we will be screening interesting cartoons, 3 reels of melodious Russian songs, dances and games, and 5 reels of animal fight of the desert of Central Asia. In this fight the stronger animals catch and kill the weaker ones, but the strongest animal is driven away by a large number of small animals joining together, thereby giving us a good lesson as to the animal nature of the present war and the advantages of weaker people joining together to fight injustice.

The whole programme is very interesting and instructive to the students and all English knowing public. We are prepared to make special arrangements of reserving seats to the students if they come in blocks and to arrange special matinees if needed.

The picture will be screened from 27th of Karkadagom. Kindly book your seats early to avoid disappointment by ringing up Phone No. 88.

Soliciting your Patronage,

Yours faithfully,
